

# Finally! A fundraiser easier than a lemonade stand. 🍊

## HOW IT WORKS:

**We create a customized web page for your school** to share with your parents.

**You promote it** via email and Facebook with our easy-to-use marketing toolkit .

**Parents write reviews** about their kids' classes and programs. (Reviews can be anonymous.)

**Watch the \$ come in for your school!** KidGooRoo donates \$2 per review to your school.

**KidGooRoo™** is the only place to go online to compare ratings and read reviews of all of the kids' classes, camps and programs in your area and is free for both parents and businesses alike.

When parents write reviews about local programs, they help each other make better, more informed choices for their kids. Since reviews are written by parents in town, you can feel confident they are reviews that parents can trust.
